So cheap yet it does so much RAmos

RAmos T11TE PMP Offers 1080p HDMI Output at a Modest Price

And supports an impressive number of formats too

When it comes to portable media players, there are a lot of them on the market! Not the amount that you can find on the Asian market but I think Europe and the U.S. are doing pretty good in terms of offered devices. Especially seeing how from time to time, we get an infusion of gadgets with Asian origin so as to allow us to live the dream at a much lower price. Because the problem with the European and U.S. market is this: most really good devices cost a lot.

This is where the Asian imports come along and offer us decent items at less than half the price of what we can find locally. Such as the RAmos T11TE Full HD PMP, a portable media player (as the name says) that does not only come with above decent specs but also the possibility to output videos via HDMI to a resolution of 1090p. Yes, indeedy, ladies and gents, it can handle Full High Definition. The price? Well... about 177.45 USD.

It sports a 5.0-inch touch TFT LCD with a resolution of 800 x 480 pixels, has an OTG function, weighs about 320g, comes with stereo speakers and even dual 3.5mm audio jacks. It also doubles as an e-book reader, has 16GB of built-in memory and the storage can be further expanded via the microSD expansion slot. As far as format support goes... if there is something that this device doesn't have support for, then I don't know it.

You can watch just about any type of video ranging from DAT, MPG, MPEG, VOB to WMV, MKV, TS, RM, RMVB, it can read JPEG, BMP, PNG and TIFF images and will allow the user to also listen to a number of audio formats such as MP3, WMA, WAV or FLAC. All this for 177.45 USD? You got it, ladies and gents!

We are just a few, but there are many of you, Softpedia users, out there. That's why we thought it would be a good idea to create an email address for you to help us a little in finding gadgets we missed. Interesting links are bound to be posted with recognition going mainly to those who submit. The address is .
